

# Msindisi Ndlela

## Full Stack Developer

### SUMMARY

I am a seasoned full-stack developer with over 5 years of expertise in constructing, fixing, and addressing issues in applications. Proficient in coding languages such as **JavaScript/TypeScript (React and Vue)**, **Python (FastAPI)**, and **Dart (Flutter)**, I bring a wealth of experience to software development. Over the past six years, I've utilized Photoshop, Adobe After Effects, and Affinity Designer for **UX and Graphic Design**, and I integrated **Figma** into my toolkit well before its widespread adoption. My exposure to startup environments has cultivated adaptability, and I value the lessons and skills gained from these experiences.

📍 : 15 Orchid Road, Tygerdal, Goodwood, Cape Town, Western Cape, South Africa
